

 **MADE IN INDIA**

The Collection of Morden
BATH DRAINS

www.urbanbath.in

Manufacturing Process

01 - Raw Material Selection

- **Material :**
Stainless Steel Sheets (usually SS304 or SS316 grade for corrosion resistance).
- **Thickness :**
Typically 1.0mm to 2.0mm, depending on design strength.
- **Check :**
Surface finish (No.4 matte or polished) and thickness tolerance.

02 - Sheet Cutting

- **Process :**
CNC Laser Cutting or Shearing.
- **Purpose :**
To cut the steel sheet into pre-defined sizes based on CAD design.
- **Equipment:**
CNC laser cutting machine (for precision slots, logo, or pattern cutouts) Hydraulic shearing machine (for rough cutting large sheets)

03 - Bending / Forming

- **Process :**
CNC Press Brake.
- **Purpose :**
To bend the sheet into the desired shape
- **Examples:**
Channel tray (U or V shape)
Edge flanges
Grate curvature (if any)

04 - Welding / Assembly

- **Process :**
TIG (Tungsten Inert Gas) Welding.
- **Purpose :**
To join parts like the outlet pipe, end caps, or frame joints.
- **Steps:**
Position parts in jig for accuracy
TIG weld with filler rod (SS compatible)
Grind welds smooth after cooling

05 - Surface Finishing

- **Process :**
Grinding, Polishing, or Brushing.
- **Purpose :**
To remove welding marks, burrs, and give a uniform surface finish.
- **Check**
Uniform grain direction and no surface defects.

06 - Laser Marking - Branding

- **Process :**
Fiber Laser Engraving.
- **Purpose :**
To permanently mark the brand name, logo, or model number on the grate or frame.

07 - Quality Inspection

- **Tests Include :**
Dimensional accuracy (with Vernier & gauges)
Weld joint strength
Surface finish uniformity
Drainage test (water flow check)
Anti-rust and leakage inspection

08 - Assembly & Packaging

- **Assembly:**
Insert filter, hair trap, or inner grate.
Fit rubber gaskets or outlet adaptors if required.
- **Packaging:**
Clean with isopropyl alcohol (remove oil marks) Bubble wrap and protect with foam corners Pack in printed carton boxes with brand details

Welcome to URBAN

Ever since we embarked on our quest for quality, we have pursued a single-point agenda for our valuable customers and that is to not stop delivering the difference. For us, it's this cause without the pause that has propelled us to the new height of product innovation, customer satisfaction and market recognition.

With a mission to make every product a special one, we continue to move ahead of the time with better bath solutions under the brand name QGO. The name today has become synonymous with superior style, sturdier substance and signature sophistication. All this happen due to our commitment to give total value for our customer's money and our unwavering vision for future.

QGO range of bath ensembles are the most contemporary icons of QGO lifestyle that suites today's style conscious consumers and meets their demands halfway. With a robust system for R&D, Design, Production, and Delivery in place, we at QGO cater to ever increasing market segment for best in class bathroom grating.

Mission

To design and deliver innovative, durable, and premium stainless steel bath solutions that enhance everyday living. We aim to blend modern aesthetics with advanced functionality, offering products that reflect luxury, sustainability, and lasting performance in every bathroom space.

Vision

To become a leading global brand in luxury bath fittings — known for precision, quality, and timeless design. We envision creating an elevated bath experience where design meets comfort, and every detail defines modern living elegance.

Beauty
Redefined.
Quality
Reimagined.
